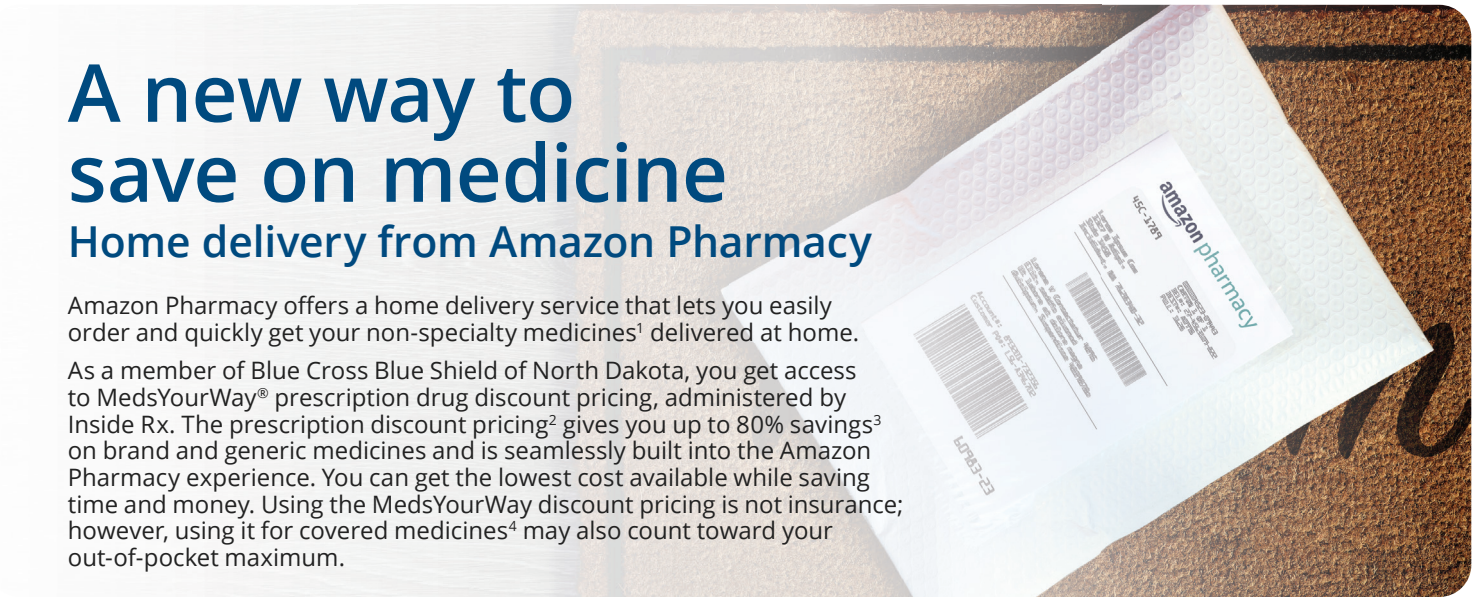
A new way to save on medicine

Home delivery from Amazon Pharmacy



Amazon Pharmacy offers a home delivery service that lets you easily order and quickly get your non-specialty medicines[1] delivered at home.

As a member of Blue Cross Blue Shield of North Dakota, you get access to MedsYourWay® prescription drug discount pricing, administered by Inside Rx. The prescription discount pricing[2] gives you up to 80% savings[3] on brand and generic medicines and is seamlessly built into the Amazon Pharmacy experience. You can get the lowest cost available while saving time and money. Using the MedsYourWay discount pricing is not insurance; however, using it for covered medicines[4] may also count toward your out-of-pocket maximum.

Shop

Easy to use

Amazon Pharmacy makes it easier because it's like shopping on Amazon.com:[5]

- Easy sign-up, which includes the option to have your account auto-populated with your prescription history
- Option for 90-day fills[1]
- Pharmacist on call 24/7
- Ability to manage your medicine and order history

Save

Built-in drug discount pricing

Some drugs may be available at lower prices with a discount card. MedsYourWay discount pricing is built right into the Amazon Pharmacy experience.

- At checkout, you'll see the lowest cost available for your medicine. That's the price you'll pay.
- The MedsYourWay discount pricing is not insurance; however, using it to purchase covered[4] eligible medicines by your plan at Amazon Pharmacy may automatically count toward your benefit accumulators.

[1]Amazon Pharmacy does not dispense Schedule II controlled substance drugs. 90-day fills are available for certain medicines. For Schedule III-V drugs, a 90-day supply is allowed for all states, excluding members in New York and Kentucky and any Medicaid plan.
[2]MedsYourWay prescription drug discount card, administered by Inside Rx LLC, is not insurance. You are responsible for the cost of prescription(s) when using the card. Limitations apply.
[3]Average savings based on usage and Inside Rx data as compared to cash prices; average savings are up to 80% for all generics and 37% for select brand medicines. Restrictions apply.
[4]If your medicine has an unfulfilled requirement or is a non-preferred/non-formulary medicine, the cost may not count towards your out-of-pocket (accumulator) maximum. Typical requirements include prior authorization (PA) needed, quantity limit exceeded, or step therapy needed.
[5]Medications are discreetly delivered to your door.
